

Big Brown Box

I was bored one afternoon sitting out in our backyard
Couldn't think of anything to do and I was trying really hard
When right in front of me I discovered something magical
We'll be going on an adventure to the stars and beyond
In my big brown box
It doesn't look like much
But there's more to it than meets the eye
big brown box
With my imagination I'm soaring through the sky
flying high and free through clouds and trees
Everyday another door opens to adventure
All I need is my imagination and a big brown box

The first time you try it will blow you out of your socks
All you need is your imagination and a big brown box
If I want to go flying I just imagine a wing and a tail
And if I want to go boating I just add a big red sail
I was having so much fun I decided to invite my friends
Now we're using our imagination and the fun never ends
With my big brown box
It doesn't look like much
But there's more to it than meets the eye
In my big brown box
With my imagination I'm soaring through the sky
Flying high and free through clouds and trees

Everyday another door opens to adventure
All I need is my imagination and a big brown box

What kind of radical, amazing, totally magical things could we do with a big brown box?

We could go on a pirate adventure on the high seas...Land ahoy matie!
Or we could ride a spaceship blasting off into outer space...
Hello Houston, we're all go for take-off!
We could take a submarine journey into the deep blue see...
Was that a jellyfish? It looked like an Octypus!

Big brown box
It doesn't look like much
But there's more to it than meets the eye
Big brown box
With my imagination I'm soaring through the sky
Flying high and free through clouds and trees
Everyday another door opens to adventure
All I need is my imagination and a big brown box
